

## List of faculty members of GSAIS

Through the Admissions Assistance Office (AAO) application, please be sure to contact the faculty member you wish to supervise your research and fully discuss your research interests with him/her.

Faculty member	Field of study
Professor SAITO Kei	(1) Green Chemistry (2) Circular Economy (3) Chemistry
Professor SEKIYAMA Takashi	(1) International Political Economy (2) Global Environmental Politics (3) International Relations in the Indo-Pacific
Professor ZHAO Liang	(1) Informatics (2) Economics & Management Science (3) Sociology
Professor NAGAYAMA Hiroaki	(1) Electricity and Energy Policy (2) Management (3) International Development Project
Professor YAMASHIKI Yousuke	(1) Water Resources Engineering (2) Solar Terrestrial System Science (3) Human Spaceology
Program-Specific Professor YOSHIKAWA Hitoshi	(1) Computational Mechanics (2) Applied Mechanics (3) Materials mechanics
Associate Professor KANAMURA Takashi	(1) Energy Finance (2) Sustainable Finance (3) Risk Management
Program-Specific Associate Professor SHINOHARA Masatake	(1) Philosophy (2) Environmental Humanities (3) Urban and Architectural theory
Associate Professor DEROCHE Marc-Henri	(1) Philosophy (2) Religious Studies (3) Mindfulness
Associate Professor MIZUMOTO Kenji	(1) Health Sciences (2) Social Medicine (3) Infectious Disease Epidemiology

\* Please note that the following faculty members will not accept third-year transfer students at this time.

Professor IKEDA Yuichi

Professor Ialnazov, Dimiter Savov

Program-Specific Professor USAMI Bunri

Program-Specific Professor SATO Hiroshi

## List of cooperating faculty members

\* Cooperating faculty members are faculty members from other departments within the university who are involved in the administration of GSAIS and the research supervisor of GSAIS students.

Cooperating faculty member	Field of study
Professor ARAKI Yoshikazu	(1) Social Infrastructure (civil engineering, architecture, disaster prevention) (2) Architectural structure (3) Material
Professor IIYOSHI Toru	(1) Educational Innovation (2) Higher Education System (3) Open Education
Program-Specific Professor KUWAJIMA Shuichirou	(1) Sustainable Humanosphere Science (2) Interdisciplinary Research Management (3) Science, Technology, and Innovation Policy
Professor MCLELLAN BENJAMIN-CRAIG	(1) Energy science (2) Earth resource engineering (3) Socio-technical Transition Theory
Professor YURIMITO Hiroya	(1) Life Science (2) Applied microbiology (3) Applied Molecular Cell Biology
Associate Professor HAGIO Shota	(1) Motor control (2) Motor learning (3) Computational Neuroscience
Associate Professor FUJITA Daishi	(1) Nanotechnology/Materials (2) Nanostructure chemistry (3) Chemical Biology
